

# Press Release: Sellindge Parish Council

Are you driving an electric car? if not, is this because there are no charging points in the village, if so then read on

Recently Parish Councils were given the opportunity to register their interests in having one or more Electric Vehicle Charging Points (EVCP) in the village. Once Parish Councils had registered their interest some have been chosen to apply for a grant to put in at least one.

We have been very lucky to be one of the few chosen to put in an application for consideration.

If there is a need shown, we will stand a better chance of getting at least one EVCP.

To enhance our application, please can you complete the short survey below with the following details:

What part of the village do live in?

- Swan Lane area (including White Hall Way, Swan Green etc)
- Barrow Hill
- Main Road Sellindge
- Stone Hill area
- Greenfields & Brook Lane

Would having an EVCP encourage you to purchase an Electric Vehicle?

Please send me your responses by Friday 9<sup>th</sup> October to [clerk@sellindge-pc.gov.uk](mailto:clerk@sellindge-pc.gov.uk)
