### Other Information or advice:

- Fraud – There have been a number of attempts recently to defraud people with fraudulent telephone calls, perpetrators claiming to be from a reputable business or organisation. Recent calls have been purporting to be from BT, claiming that money is owed and service will be cut off if the money is not transferred immediately. If you fall victim to one of these scams it must be reported to Action Fraud, this can be done

online or by phone. It is also advised to contact your bank and attempt to freeze payments or in some case recover them.

- Vehicle security – There have been several reports throughout the year of unattended vehicles being broken into and valuables taken from within. This has predominantly happened in the rural lanes near to well-known walking trails and parking locations, but can be just as prevalent in urban areas. Officers have patrolled locations when possible but are still finding a large amount of persons leaving valuables on display in cars. If anyone witnesses anything suspicious or untoward then please contact police via 101, or visit the Kent Police website if time has passed.
- Diesel Fuel Theft – With the price of fuel remaining at an all time high, this makes it highly desirable to thieves. Consider security options for your vehicle such as, parking off road/ secure parking, CCTV and dash cams.
- Catalytic converters – There has been a rise in theft specifically targeting the catalytic converter on vehicles, seemingly a preference for those on Honda and Toyota vehicles, but of course not limited to these brands only. Consider security options for your vehicle such as, property marking kits, CCTV and dash cams.

Please find advice on these issues and crime prevention on our website at:
