FLYING THE RED ENSIGN

Over the weekend of September 3rd, we are going to be flying the Red ensign at the Village Hall to commemorate 100 years of the Merchant Navy.

The Red Ensign also known at the 'Red Duster' is flown on all British registered Merchant Navy ships and boats, the Coastguard also use it.

Are there any Merchant Navy seamen or women in the Village ?
We'll be raising the Red Ensign on Friday September 1st at 5pm

SELLINDGE GARAGE SAFARI 2017

The Sellindge Garage Safari 2017 takes place on Sunday September 10th 2017 starting around 10am
Maps will be available for a small donation from the Village Hall Car Park on the day or from the Parish Council Office during the week before. People who do not wish to set up their property can set up in the Village Hall Car Park.
Not entered yet? No problem we will be taking entries up and on the day. If you do it on the day, you will have to come to the Village Hall, from 9am to register and pick up your signs and balloons, and have your address added.
If we find people doing a garage sale on this day, without joining the official 'Garage Safari' which is run with all monies raised going to the Sellindge Community Fund, this may jeopardise any future Garden Safaris.
There will also be refreshments available at the Village Hall.

SELLINDGE VILLAGE NEWS

Due to increases in printing costs and budget restraints, the Parish Council are going to cut the amount of Sellindge Village News printed from 800 to 700. As there are 690 dwellings in Sellindge, so everyone will still get their Sellindge Village News free and delivered free, there will be 4 for the Pop-In, 4 for the Sports and Social Club and 2 for the Parish Council Office.

There will be no Sellindge Village News in the Surgery, delivered to Monks Horton or the Black Horse Monks Horton.

However, a pdf file of the Sellindge Village News will be available to download from the Parish Council website, Sellindge Village Hall and Pop In Centre Facebook page, Sellindge Village Facebook page and the Sellindge Community Group Facebook page or you can have one emailed to you if you wish

This will start from the October issue of the Sellindge Village News

SELLINDGE PARISH COUNCIL

<http://www.sellindge-pc.gov.uk>

www.sellindgepc.kentparishes.gov.uk

Nights are drawing in and Christmas will soon be on us; but while sitting here I can see blue sky and sunshine; but back to the matter in hand.

Your Parish Council met in August, this is still quite unusual, as a lot of Parish Councils still leave August free from meetings. This is well and good until something happens then the Parish Council concerned need to call Extra Ordinary Meetings which is more work in the long run; Sellindge has had meetings in August for some time now and if your Parish Councillors are on holiday then they can give their apologies.

The current situation on the budget was discussed and you will see elsewhere about one of the changes.

This month our Admin Clerk and Minute taker, Louise, is leaving to go on to pastures new; she has been awarded an apprenticeship and we wish her well, even though we will miss her.

If you are a patient of Sellindge Surgery they are holding a Family keep fit and healthy information day. Check the surgery for the date and try to attend. We all know that we are living longer and we need to live better as well.

Your Parish Council have co-opted to fill one of the three vacancies, Susan Clark was co-opted at the August meeting, but your Parish Council is still two Parish Councillors short. This continues to leave those who remain needing to work harder. If these two vacancies are filled it would mean your Parish Council could do even more.

You may noticed the new lights on the Main Road have been installed, although the time frame was not adhered too. The ElecLink Exhibition was well attended and there were positive comments made.

A comment was made from the people arranging it that they were pleased to see so many people attend.

The next meeting of Your Parish Council is on Tuesday 12th September, it will be held in the Durling Hall starting at 7.30pm; so here is an invitation to come and see your Parish Council in action.

From your Parish Council Clerk Linda Hedley

Dog Poo Bags – The Parish Council is still providing these for use free of charge, members consider that this has made a difference to the village. Simply come to the Parish Council office Tues 9am – Noon & Fri 3pm – 5.30pm

The Chairman and other Councillors would like to say ‘thank you’ to all those who are taking the time and trouble to pick up after their dog/s.

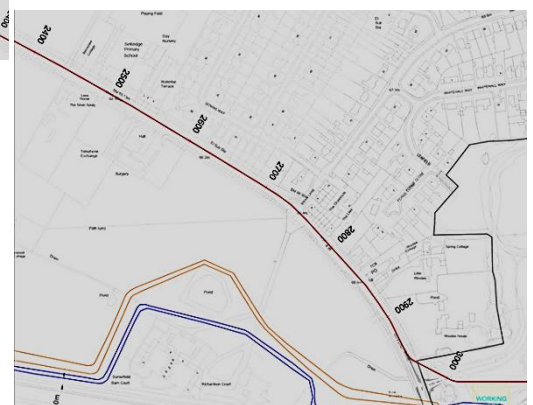

THE ELECLINK ROUTE THROUGH THE VILLAGE

The Eleclink route does come straight down the Main Road (A20) before heading off across the fields near the M20 bridge. It is undoubtable that there will be some degree of disruption while this happens, but the company have confirmed that in the event of the M20 being closed, they can finish what they were currently doing

and restore the road to full usage condition while the incident is on – going. The contractor doing the work is Balfour Beatty, who have done major work in the village before, they were the contractor that built the High Speed Link through the village.

It was Balfour Beatty who donated to the Village Hall the large piece of Kentish Ragstone rock that is at the entrance to the Village Hall car park. The route of the cable leaves the Sellindge Converter Station as a ac current comes under the motorway bridge then up across the field to the A20 then down the A20, near the motorway bridge it turns East and across the fields towards Kennet Lane, it then goes down this Lane, which will have to be closed while this work takes place, then across Stone Street, and across towards junction 11 of the M20, at Shrine Barn the cable follows the A20 again, after the woods it cuts out across the fields but stays near the A20, due to a water course that runs alongside the road to Etchinghill the cable will be moled at this point so there should not be any road closure, it carries on across the fields (which are MOD ground) to Newington where it goes across the King George V playing field, where it is moled under the road due to the river pent running alongside the road and makes its way into the Channel Tunnel complex where it goes through the tunnel to France.

SELLINDGE WOMENS WEDNESDAY LUNCHEON CLUB

Venue for September 2017 – Longacres, Bybrook Barn, Ashford on Wednesday 27th. 12 Noon for 12.30pm.

SPEED OF VEHICLES THROUGH THE VILLAGE – SPEEDWATCH ?

There was a very interesting debate on the Sellindge Village Facebook page this week, concerning the speed of some vehicles coming through the Village on the A20.

As many people in the debate said, we have been trying for years, the Parish Council, Sellindge Primary School Governors, and residents in general have all tried. We did have an element of success with the Wimpy development, where one of the 106 conditions was reduction of speed to 30mph between Moorstock Lane and the Motorway bridge, with traffic calming measures, this was all agreed. We are just waiting for the development to happen.

The speed limit used to be 30mph until the M20 was built, then it was increased to 40mph due to the A20 being the alternative route, if the M20 is closed.

I have been on the Parish Council since 1998 and have seen many attempts to KCC Highways get the speed reduced, but it is not only KCC Highways, the Police have their say as well. I can remember one of the comments from the Police in the early 00's was that they would like the speed limit increased the 50mph.

Thankfully it did not happen.

Another item that came up in the debate was Speedwatch. This was quite successful at the start, but now we are down to too few volunteers to make it work. We still have the equipment, which was quite expensive and brought as a joint project with Lympe Parish Council.

So let's get Speedwatch up and running again. We need as many volunteers as possible, who will have to do a couple of hours training, which hopefully we can arrange to be done at the Village Hall, High Viz clothing will be provided.

To volunteer, please contact the Parish Clerk on 01303 81 clerk@sellindge-pc.gov.uk or come to the Parish Council Office which is open 9am to 12 Noon on Tuesday and 2.30pm to 5.30pm on Friday, or see a Parish Councillor. We will need your contact details, name, address, phone number and email address if you have one.

FROM YOUR SHEPWAY DISTRICT COUNCILLORS

Jenny Hollingsbee and Susan Carey, Ward Councillors for North Downs West, Shepway District Council

Jenny.hollingsbee@shepway.gov.uk 01303 812 066

susan.carey@shepway.gov.uk 01303 670 561

At the end of July we took part in a study trip to Poundbury near Dorchester in Dorset which has been created by the Prince of Wales to show how new homes and jobs should be provided. It is very impressive. The streets were laid out in a way that naturally limited traffic speeds, the car parking was also well planned and there were no yellow lines, hardly any traffic signs and no overhead wires at all. We liked the way the social housing (35% of the total) had been so well integrated that you could not distinguish it from the other housing. Poundbury is also a model for how jobs can be created and the target was to create one job for every home which has been exceeded. Apart from the factory producing Dorset cereals and another producing chocolate, most of the 185 businesses located in Poundbury were quite small and so far there are 2,100 jobs. In addition to these jobs there are a further 550 people employed in the construction of the next two phases of Poundbury.

We met with the Poundbury project team who shared some of the lessons they learned in creating this new community and came away determined that what we do at Otterpool Park matches the vision and quality of Poundbury.

We both attended Sellindge Parish Council on August 8th where we reported on our Poundbury visit and other Council business. Jenny also attended the monthly Sports & Social Club Meeting, the Stowting Parish Meeting and the Eleclink Exhibition which is a project to build, install and operate an electrical interconnector between France and the UK by installing two cables in the Channel, building a converter station at the Eurotunnel Terminal and connected to the Sellindge substation via an underground electric cable. The work for this is likely to start in 2018 and last for 18 months following the A20 through the main part of Sellindge. This will involve some control of traffic with lights but disruption will be kept to a minimum by undertaking work in sections in order to keep traffic moving.

FROM YOUR KCC COUNCILLOR Susan Carey, Elham Valley Ward. susan.carey@kent.gov.uk 01303 670 561

It was July 31st 2014 when the outline application to build 250 homes adjacent to the village hall car park in Sellindge was first submitted and January 19th 2016 when the planning agreement was signed. As part of the planning conditions the developer agreed to pay for the cost of traffic calming measures along the A20 which would allow the speed limit to be reduced to 30mph. Kent Highways has been holding off major repairs to the A20 to do them at the same time as the traffic calming measures. As the law stands, a landowner cannot be compelled to build their permitted scheme and Kent Highways have decided they can no longer wait for this development to start. The repairs and resurfacing work to the A20 through Sellindge are scheduled to take place between 7 30pm and 5 00 am from 6th – 8th September (weather permitting) which is almost as late as it can be for such works before the cold and wet weather sets in. If there are outstanding pothole repairs you know about, do please report these to Kent Highways for attention on 03000 41 81 81 or online at www.kent.gov.uk as they too are best done before the weather worsens.

By the time you receive this newsletter the repairs should be complete to the streetlights in Sellindge, including the thirteen that have been ‘necked’ (reduced in height to stumps) because the columns were judged to be unsafe. The replacement lights will be LED (Light Emitting Diode) which give a better directed and less harsh light (less light pollution), cost less to run (saving money and carbon emissions), last longer (saving money as they don’t need to be changed so frequently), report themselves if about to fail or failed and can be dimmed or increased as suits the conditions. All of Kent’s 118,000 streetlights are switching to LED, a project that is costing £40m but will recoup its costs within six years.

It’s not just your District Council that provides parks (see the District Councillors’ report on the new play facilities and fountain at Radnor Park in Folkestone). Kent County Council provides nine Country Parks and five smaller countryside areas. Our nearest Country Park is at Brockhill Park near Hythe and it has Green Flag status which is a quality mark for its level of maintenance and facilities. The parks cost £1.6m a year to run and generate £1.2m income which means the cost to Kent taxpayers is £400,000 a year or 21p per resident. In 2015/16 the parks had 1.6m visitors and visitor surveys found an average rating for the parks of 9.25 out of 10. Seven of the Country Parks have Green Flag status, one is a National Nature Reserve, three are Sites of Special Scientific Interest and three are Local Wildlife Sites. KCC has just published a Country Parks strategy about its plans for the parks over the next four years and is open for consultation until September 11th at www.kent.gov.uk/countryparksstrategy contact me for paper copy.

JM BOOKKEEPING/ ADMINISTRATION SERVICES

Are you good at the work you do but hate the paperwork and figures.

I have the knowledge and technology to take care of that side of
your business. I can organise your paperwork, invoicing, accounts,
payrolls and vat returns while you get on with your trade.

This can be done at your premises or mine. References are available.
