P36/26 Minutes

- a) To note, agree and sign the following:

Minutes of the May meeting.

Having been previously circulated these were agreed as a true record and signed.

P37/26 To note the following application and agree any comments

1. 26/0781, 62 St Katherines Crescent, Sellindge. Erection of a front extension and a loft conversion with rear dormer and 2 front roof lights.

Members of the planning committee have considered the application. While Members have no objection in principle to the dormer, the shape they would like to see a pitched dormer rather than what looks like a square box on the roof of the dwelling once complete. This will not be in keeping with other dormers within the development.

The only other query members have is, has the applicant consulted First Port, as the Committee understand that the front garden of the property belongs to First Port rather than the home owner.

P30/26 To Note the decisions made by F&HDC

It was noted that the airport café has been allowed with comments that states the reasons the PC objected could not be considered as they were not part of the application.

The PO was asked to write to the enforcement department, raising the continued increase in various developments within the site.

To note the receipt of communication regarding a planning application

PO gave a brief explanation that she was expecting to receive some communication with regards to an application in Stone Hill, this never arrived.
